

The PS25 is the ultimate pressure seal machine for the small to medium sized office. It operates "in-line" with many table top printers or as a stand-alone unit. By operating "in-line" documents are folded and sealed as they are printed. This provides added security and eliminates the handling step from printer to folder/sealer. It is extremely easy to operate with double document detection, resettable counter and a clam shell design which allows easy access to fold plates.

Technical Specification

Processing speed	Up to 4,500 forms per hour
Monthly Duty Cycle	31,250
Form size	Max. Width 8-1/2" x Max. Depth 14"
Fold configurations	11" Z, 11" V, 11"C, 14" Z or 14" EZ
Paper weights	Up to 32 lb.
Sealer	solid steel roller system
Size	W 16-1/2" x L 12 1/2" x H 15 1/2"
Weight	84 lbs.
Power	115v 2.5A
Warranty	90 days
Standard Features	Resettable Counter, Double Document Detection
Compatible with a large variety of Laser Printers
