

High Volume PS600

www.pressuresealmachines.com

The new PS600 folder/sealer is the ultimate machine for the medium to large volume processing. Compact design for a production machine the PS600 is flexible enough to add 2 additional buckle shoots. Paper flow is electronically monitored and the system will automatically shut down in the event of any interruption; Operations can be resumed immediately without disrupting document sequence or count. In addition, an out feed counter is a standard feature, to allow easy calculation of processed documents.
